

## What's Up With The Flags!

To better serve you, take advantage of our flags located on the end of your table

NO FLAG I stole it... charge it to my credit card or tackle me in the parking lot

What are these parking meters all about and why are they here???

They are the actual meters that once lined the streets of Ocean City and now they collect quarters for an exceptional cause...to raise, with your help, as much as possible for a heart warming organization called Believe in Tomorrow/Children's House By The Sea. Each week, six families who have mountains to climb in their lives, are given the opportunity to get away and enjoy a peaceful space in time at the beach.

Believe in Tomorrow Children's Foundation

Beautiful activities are planned for them----from cookouts, to an evening on the boardwalk and dinner at Hooper's. Keep your meter full while you dine for the opportunity to win an array of exciting prizes. If our prize wheel lands on your table number, and your time hasn't expired, you can instantly win anything from t-shirts, appetizers, drinks, desserts and more!

## Thank You!

Thank you all for your continued support throughout over a quarter century of dining in the bay. We strive to bring you the tradition of the Chesapeake along with all the fun and escape of the Florida Keys, right here in your backyard. "Thank you" for being a part of Sneaky Pete's...we can't wait to see you again...

Sincerely,  
Pete and Royette Shepherd  
Ryan, Patrick, Mike, Justin,  
and Sneaky Pete's Staff

## "Home to Ocean City's Oldest Brewery"

### How They Got Their Name - A Little Ocean City History

- Weedline Session IPA** - 4.2% ABV 42 IBU's - Our session IPA with a nice herbal nose that perfectly compliments the light body of this day drinker. The fresh, grassy hops were inspired by the weedline, a stretch of sea grass in the ocean caused by changes in the bottom and current that attract small bait fish and the large predator fish that feed on them.
- Jackspot Amber Ale** - 5.8% ABV 30 IBU's - The "Jackspot" is a famous fishing hole named after Captain Jack Townsend in the 1930's. It lies 23 miles off of the shore line of Ocean City and is where White Marlin were quite plentiful from the 1930's thru the 1960's.
- White Marlin Pale Ale** - 5.6% ABV 50 IBU's - On July 29th, 1939 there were 171 White Marlin boated at the Jackspot. It was the largest single day's catch ever recorded anywhere in the world at that time, cementing Ocean City as the White Marlin Capital of the World.
- Poor Man's IPA** - 6.6% ABV 77 IBU's - A West Coast Style IPA named after the Poor Man's Canyon, the closest canyon from Ocean City to reach 100 fathoms deep where the big fish are.
- Black Fin Black IPA** - 6.0% ABV 56 IBU's - A Blackfin Tuna has a dark body and is rich in flavor. The Blackfin Tuna is the smallest species of the Thunnus genus and are only found in warmer water of the Western Atlantic Ocean.
- Double HUK 2xIPA** - 7.9% ABV 88 IBU's - Our most aggressively hopped beer is crammed full of Centennial hops for a bright citrus delight. This is our collaboration with HUK Fishing to create a bold beer like a Double Header HUK up.

## Bottled Beer

- |                       |                       |
